Dear Mr. Ermarth:

We regret that you were not able to participate in the July 26 meeting of our study group on stability in the nuclear age. A summary of the meeting discussion is enclosed for your information. The meeting was quite successful in laying the groundwork for subsequent study activities on this most important topic.

The next meeting of the study group will be held on ~~Wednesday~~, September 26. The major topic of discussion at this meeting will be a consideration of bilateral measures for U.S.-Soviet cooperation, such as a joint crisis-game simulation. We will also discuss briefly a revised crisis taxonomy that the staff has prepared to take into account suggestions made during the previous meeting.

We would be most honored to have you join us at our next meeting on September 26, in room 321 of the Hart Senate Office Building, from 11 a.m. to 2 p.m. A light lunch will be served. Shortly before the meeting, prospective attendees will be sent a copy of the revised taxonomy and some suggested bilateral measures for U.S.-Soviet cooperation in crisis management. We would appreciate your informing Pearl Kruger (202) 775-3105 whether or not you will be able to participate in our third meeting.

We look forward to working with you again on these issues.

Sincerely,

Jake Garn
